## Your Rocket Gardening Year:

Late Winter-Early Spring	Mid Spring-Summer	Mid Summer-Mid Autumn	Late Autumn-Mid Winter
Make sure you've activated your voucher and get your growing space ready - fill pots with compost, dig over beds and add plenty of fertiliser.	Plant your seedlings as soon as you can once they arrive. Nurture the plants well in the early days keeping them watered and protected from pests.	You should have plenty to harvest at this time of year. Make sure you check regularly and keep plants well watered.	Some of the late croppers will be ready to harvest in autumn. Once all your plants have finished cropping pull them up and get beds ready for winter.
