May Delivery

June Delivery

September Delivery

Plants x 10
10cm apart in greenhouse or
indoorly in plastic pots

Total
growing space
required:
20m²

This is an
example of how
you can lay
out your
veg patch...

Your Rocket Gardening Year:

Winter	Spring	Summer	Autumn
Make sure you've activated your voucher and get your growing space ready - fill pots with compost, dig over beds and add plenty of fertiliser.	Plant your seedlings as soon as you can once they arrive. Nurture the plants well in the early days keeping them watered and protected from pests.	You'll be able to start harvesting in early summer. Check plants regularly and keep them well watered & protected. New veg can be planted in any spaces that crop up.	Keep harvesting, making space for your new September delivery of plants as plants finish cropping. As it turns colder, protect plants from early frosts.

*Items marked with an asterisk remain in the ground from a previous delivery.

Don't forget to
adapt this to
suit your own
garden!
